PERSONAL PROFILE

I am a **computer engineering student**. Being a passionate person who's always looking for the best is my character. Besides my strong interests in coding, I'm a **front-end** developer with a pretty good experience in building web apps.

WORK EXPERIENCE

HTML, CSS & JS PROJECTS

- Working with a team and develop multiple projects using **Bulma** as a CSS framework
- Create functional and technical Web applications

VUE JS PROJECTS

- Develop complex projects from start to finish
- Collaborated with other programmers
